

Newport Autumn Rowing Festival

Sunday, November, 12th 2006

Everything you need to know about NARF

Each year the Newport Aquatic Center puts on the Newport Autumn Rowing Festival. NARF attracts teams not only from all over California, including USC, UCLA, Stanford, and Berkeley, but also teams from as far away as Connecticut. This year we will even have a high school team here from Germany!

In addition to being the first regatta of the year for the NAC Junior team, NARF is also one of the NAC's biggest fundraisers, contributing over \$20,000 to the Junior Rowing team alone. This year we hope to increase the success of the Newport Autumn Rowing Festival by gathering more community support through sponsorships.

Each year we offer various ways for local businesses to get involved. All donations are tax deductible and go to help the kids and community programs at the Newport Aquatic Center. Sponsors receive various levels of recognition for their support.

- **Bronze Level Sponsorship- \$250**
 - Business card sized ad in event program
 - Insertion of one item into rowers' bags
